

Ambience Design Group

Does your space say everything you want it to? A home should have it all – indulgent comforts, the perfect setting, the kind of style that reflects who you are. But it's not always easy to execute your own vision. A design project can represent a considerable investment of time and money - you want to get it right from the start. Our process is very collaborative and we have been helping our clients define their personal style for over 20 years. We know the places to shop, how to put together a cohesive look and have to avoid costly mistakes on purchases you don't need or won't work.

Ambience Design Group creates unique custom interiors for our residential clients and bold branded spaces for our corporate clients. The uniqueness of each space is what makes our work so interesting and exiting. Our designer studio will provide inspiration for renovations, remodelling and decorative solutions. Offering an extensive line of designer products from suppliers near with a vast fabric library. We remain current with the latest trends in a wide range of materials.

Ambience Design Group is committed to design excellence and forging strong relationships. Our designers are savvy, smart and approachable.

Our design solutions are creative, intelligent and adaptable. ■
